## ***Greetings from the PSG Animal Facility !!!***

### ***PSG IMS&R, Coimbatore.***

*It gives us immense pleasure to announce*

***“The first National Symposium on Animal Research and Ethics”.***

PSG Institute of Medical Sciences and Research (PSGIMS&R), is one of the premier institutes of PSG & sons' Charities Trust. While PSG IMS&R is a 25 year old Institution, the PSG & sons' Charities Trust is one of the oldest in the country. The trust was established in the year 1926 to bring in social changes through education, and nurtures about 30 educational Institutions with a strong record of academic credentials, and research. PSG IMS&R, since its inception in 1985, serves as an integrated centre of medical education, training, development and research along with its teaching affiliation to PSG Hospitals.

PSG Animal Facility registered with CPCSEA for both Small and Large Animals is ISO 9001:2008 certified. It's a three storied building with epoxy flooring and air conditioning facility, under CCTV surveillance. We have the facilities to house the NUDE and SCID Mice in Individually Ventilated Cages. There is an operation theatre at the basement for training surgeons in Laparoscopy, Multiorgan transplant and Retrieval as well as Cardiac valve replacement on Yorkshire pigs.

### **THEMES**

- Acts and Policies.
- CPCSEA guidelines in animal ethics.
- Good documentation practices in Animal Research and Ethics.
- Alternative to Animal Research.
- Animal Welfare including Animal handling and Breeding techniques, Animal Anaesthesia and Euthanasia, Good protocol filling practices as per National and International Guidelines.
- Guidelines for Large Animal Research.
- Poster presentation related to Animal research and Ethics.

***We look forward to your participation in the upcoming symposium!!!***
